### Employment History:

Senior Vice President, Claro Advisors LLC	09/2021 to Present
Financial Professional, Equitable Advisors	08/2013 to 09/2021

### CERTIFIED FINANCIAL PLANNER™ (“CFP®”)

The CERTIFIED FINANCIAL PLANNER™, CFP®, and federally registered CFP® (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by CERTIFIED FINANCIAL PLANNER™ Board of Standards, Inc. (“CFP® Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 87,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor’s Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board’s financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real-world circumstances;
- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- *Ethics* – Agree to be bound by CFP Board’s *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- *Ethics* – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board’s enforcement process, which could result in suspension or permanent revocation of their CFP®.
